STATINTL

Dear [REDACTED]

Just received some information of importance and interest to you. It is as follows:

You are authorized to approve the schematics prepared at the site and you are further authorized to adjust the site plan, as necessary, in order to accomodate the approved construction program. In this matter, the schematics, as approved, should be forwarded through your channels [REDACTED] and two copies should be included to [REDACTED]. They in turn will transmit one copy to Headquarters.

STATINTL

This information is forwarded to you in lieu of a dispatch which you were to receive as indicated in previous communications.

The panoramic photographs of the site you requested are attached. I trust these are adequate and will serve the purpose.

Best of luck to you and trust you have a pleasant trip home. I look forward to seeing you out here again.

Sincerely,

STATINTL
